

PLAQUE PRESENTATION: Ron Larkin, president of the Lemon Grove Republican Assembly, presents a plaque of commendation to Congressional Medal of Honor recipient,

Marine Sgt. Jimmie Howard. The ceremonies took place Tuesday, Nov. 7, in the V.F.W. Hall in Lemon Grove.

District Meeting News

Grossmont Governing Board Strives To Meet Bond Construction Deadline

The Grossmont Union High School District Governing Board, at its adjourned meeting last Thursday, heard a detailed report from the District superintendent regarding criterion for selection of architects for the first increment of the recently passed six million dollar bond issue.

After extensive consideration of all the factors affecting the construction program, the Board took action instructing the District administration to prepare a contract with Clyde Hufbauer-Architect, Inc., to act as project architect for all construction on the first two million dollars of bond funds.

In a related action, the Governing Board adopted a proposed construction schedule calling for immediate preparation of educational specifications for each of the projects, followed by architectural plans and construction. Highest priority was given to the development of plans for the vocational facility at Santana High School. Urgency dictates the need to proceed rapidly with the Santana project because of the possible loss of \$125,000 in Vocational Education Act funds if the construction contracts are not let by March 1, 1968.

In other action, the Governing Board accepted the report

of the negotiations between the District superintendent and the Negotiating Council calling for a modest increase in salaries for nurses designed to bring this employee group into better equity with similar groups in surrounding districts.

The trustees revised the existing District narcotics policy in order to extend the jurisdiction of the Board to offenses occurring in the community, conforming with recently passed State legislation.

At its regular meeting on Monday, November 6, the trustees took action to authorize the District administration to advertise a bid for the leasing of a football stadium

to be constructed at El Capitan High School.

It was understood that there would be no cost to the District except for the lease for \$25,000 for five years, payable by the Grossmont District at \$5,000 per year out of gate receipts.

The Governing Board authorized the District administration to write a letter, in its behalf, commending the members of the Bond Strategy Committee and the entire community for their untiring efforts and dedication to education demonstrated during the recent successful bond campaign. Mr. Albert C. Marshall, chairman of the Bond Committee, and several of the

members of the Committee were present to receive recognition during a brief recess at which time refreshments were served.

In further action, the Governing Board adopted a resolution of intention to sell ten surplus acres on the Monte Vista High School site at a selling price of \$60,000, and established the public hearing for December 4, 1967, at 7:30 p.m., in the District board room.

The Board also granted permission to the Mt. Miguel Men's Ensemble to tour Mexico from December 15-22, 1967, subject to conformity with all provisions of Education Code Sections 1081 & 1082.

Coronary Care

Three Local Nurses At Hospital Course

Three nurses from Lemon Grove and Spring Valley are taking a two-week course at Sharp Hospital which emphasizes better hospital care for coronary patients through better trained nurses.

Head nurse at Grossmont Hospital, Caroline W. Jones, 2047 Ensenada ave., Lemon Grove, and Lt. Cdr. Patricia J. Poyz, 1802 Ramon st., Lemon Grove, are in attendance. Lt. Cdr. Poyz is a nurse at U. S. Naval Hospital.

Attending from Spring Valley is Elaine Kelly, 9060 Avocado st., a nurse at Grossmont Hospital.

Seventy-five nurses from 17 San Diego County hospitals are in the course, given free by the County Heart Association.

Dr. William J. Kuzman, association president, is course director. He said the course is

one of the few in the Western United States given without federal or state financing. Tuition elsewhere would be \$400-\$600, he said.

The course ends tomorrow with a 2½-hour exam and certificates of completion.

"All 24 faculty members are teaching without pay and Sharp Hospital is furnishing space and facilities," said Dr. Kuzman. "Otherwise, we would have to charge tuition."

He said contributed Heart funds were used for materials for notices, forms and other expenses of planning and administering the course.

Two men, a New Mexico physician and a Naval Hospital male nurse, are among the enrollees.

Course subjects cover the physiology and anatomy of coronary heart disease; psy-

chological, emotional and rehabilitation aspects; cardiac resuscitation; and the make-up and instrumentation of coronary care units.

Griffen Unopposed

In Water Election

Harry Griffen, unopposed in the Division Three Helix Irrigation District election last week, was appointed to the post by the district.

Other appointees in the election were Nate Eggert, in the East El Cajon area, and Donald Shepard to the post of Assessor Collector Treasurer of the district.

In the only two-candidate race in the election, Mabel Bryan won over Robert Colwell in the Fletcher Hills area.

Director Griffen heads Lemon Grove and parts of Spring Valley.

Annual Mother Goose Parade On March Sunday in El Cajon

Mother Goose will come of age at 2 p.m. this Sunday when the 21st annual Mother Goose Parade begins a 90-minute march through three miles of El Cajon streets.

The parade produced by the non-profit Mother Goose Parade Association has grown to attract regional and national interest and is enjoyed by hundreds of thousands of children and their parents from throughout the San Diego area and Southern California. It was conceived originally in 1947 by Thomas Wigton, Jr., "as a gift to the children of El Cajon" under the sponsorship of the city's Chamber of Commerce.

This year's parade will consist of 117 floats, bands, marching groups, specialty corps, horsemen, clowns, entertainment personalities, and many other attractions. Last year the parade totaled 110 entries.

The parade will start at Madison and Magnolia ave.

blocks to Main street where the procession will turn east. The parade will move along Main street for six blocks and turn north at Second street and continue back to Madison avenue where it will end.

Spectators can view the parade from bleachers at five locations along Magnolia ave. Tickets for the bleachers are available for \$1 each at the parade headquarters at 200 South Magnolia ave. the rest of this week or at ticket booths near the bleachers on Sunday. Other viewing areas along the parade route are open to the public without charge.

Traffic and crowd control will be under the direction of the El Cajon Police Department. Sgt. H. K. Friedlund said more than 350 officers from the El Cajon department, California Highway Patrol.

Grove Resident

Reed Measuring Ice Caps in Antarctica

David E. Reed, 37, of Lemon Grove, is among two teams of engineers dispatched by the United States Geological Survey to Antarctica this winter to continue mapping the Marie Byrd Land coast and to measure "ice strain" conditions near Byrd Station, the Interior Department announced last week.

Reed, a veteran of one previous season in Antarctica, will be a member of a four-man strain net survey team. The team is operating out of Byrd Station, remeasuring the positions of a series of poles that was set in the Antarctic ice cap between 1963 and 1965.

Knowledge of the changes that have taken place in the positions of the poles will provide scientists with important information on the dynamics of the ice flow. Known as the Byrd Station Strain Net, the

poles form a series of 52 nearly-square quadrilaterals with the sides about three kilometers long. The net will provide data for the analysis of ice cores to be taken from deep drill holes at Byrd Station this winter, and provide glaciologists with strain rates along a flow line on the big ice cap. Two glaciologists, representing the Ohio State University and the University of Münster, Germany, will accompany the team.

Several personnel working in the Antarctic had to prepare for their mission many months — including an introduction to cold weather clothing and survival training. Already skilled in the use of delicate surveying instruments, they have learned to cope with the extremely cold conditions under which their instruments may freeze or fail.

Teacher Group Seeks Sick Leave Funding

The Board of Trustees of the Grossmont Union High School District has referred for study a motion by the American Federation of Teachers to pay district teachers for the amount of sick leave they have coming when they retire or quit.

The request was made by the teacher's group last Thursday, as they contended that teachers abuse the sick leave situation. Keith Richards, representative for the AFT told the Trustees that teachers take time off as they near retirement or they are going to terminate their service with the district.

Under the present district policy, teachers are allowed ten days per year sick leave with the time often accumulated

in unlimited amounts which often reach up to several months for the long-time district employees.

The motion by the teacher's federation asked for "payment at a rate to be negotiated for unused sick leave accumulated to the time of termination of employment". Superintendent John T. Warburton showed opposition to the plan, as have other high school teachers who fear that the funding for it would probably come from any salary increases that they might have received.

Clyde Hufbauer, San Diego architect, has been hired by the district to prepare plans for the \$2 million high school construction project.

The DIMMER VIEW

by Max Goodwin

Christmas For Newsmen

Newspapermen, notorious for encouraging others to take part in almost any philanthropic project some nut dreams up, occasionally exhibit some altruism on their own part.

The sad part of the projects, as some of us view it, is that we tend to keep out acts hidden under a bushel.

Probably breaking a confidence, we nevertheless want to report a newsmen's Christmas project which was started by an officer of the San Diego Chapter of Sigma Delta Chi six years ago. Sigma Delta Chi is a professional journalistic society. Since SDX is a male organization, it is easy to realize that there was no feminine wiles and emotionalism in the project that has been operated for the benefit of some indescribably poor orphans.

The project was started by Kenneth C. Reiley, who heads the Copley Newspaper, Editorial Consultant, in La Jolla. In his poignant note regarding "Operation Orphan", this year, this eraggy, intelligent newsmen said:

"It involves fulfilling the Christmas wishes of the girls who live in the House of the Good Shepherd orphanage in Mexicali. This is done by requesting a letter to Santa Claus written by the individual girl and which is sent to me for distribution. The letters are written in English on a blackboard and the girls are asked to copy the sample containing what she wants and needs most."

Customarily they ask for either a sweater, material for a dress or a pair of shoes, plus various odds and ends like combs, brushes, undies, etc. The usual cost of the total request runs around \$5, give or take a buck or two and depending upon what items the giver wants to add.

Many Sigma Delta Chi members already are involved and have been participating since the onset of the project. They collect all the gift packages and just before Christmas load them into station wagons and pickup trucks and take them to the orphanage. Anyone is welcome to come along. Volunteers to help collect the packages are needed. Storage areas for the gifts until they are transported also are needed.

It started during one of the annual Mexican-American press soirees at an old casino south of Tijuana. While we were in the casino enjoying the festivities, someone noticed a group of little girls milling around the yard. Bill Giandoni of Copley News Service and I investigated and learned we had taken over the temporary sleeping quarters of about 40 orphan girls who were on the coast enjoying the ocean through the generosity of a bus owner. They were staying in the casino, but had to get out while the press party was under way.

We learned that the girls, ranging in age from 2 to 13, lived in the House of the Good Shepherd and did not celebrate Christmas with a gift exchange, because they were too poor. The nun in charge was asked to have the smaller children write letters to Santa requesting their needs with the promise that we would try to get them fulfilled.

Resulting publicity from friendly newsmen made it easy to dispose of the few letters, so all the 150 girls in the orphanage were asked to write letters. They did and eventually they were distributed. We took the gifts to the orphanage and gave the girls their first Christmas in history at which they received something brand new.

We later learned that the girls are taught to sew, but that only one sewing machine was available to them. A little friendly publicity brought in 68 machines, which we took to them. They had to build a building to house them and the girls now are accomplished seamstresses.

The project has continued through the help of many and through the generosity of many — and it is going on again this year. I will have the letters to Santa in a week or so and will distribute them to any SDX member who would like to participate.

If you would like a letter, or would like to help in some other way, simply contact me and you will be accommodated. If you would like to help but can't do the shopping, financial aid is welcome and someone else will do the shopping for you.

Extra cash is used for turkey, ice cream, a tree, or whatever happens to be needed at the orphanage. This year there are several dozen broken windows which need to be replaced, since the temperature falls below freezing out there. Only the smallest girls ever taste milk — and then only one glass per week, except when we come to the rescue."

It should be noted that public assistance is not requested. This is a newsmen's project for newsmen only.

We are sure that there are other equally worthy projects in Baja California needing your help — but you'll have to dig up your own charity. Sure, any newsmen worth his salt will help find a project for a generous citizen — but that is not the intent of this holiday discourse.

Whatever you do for the needy poor, will be rewarding — and as newsmen, we'll help publicize your charitableness.

(Continued on Page 4)

La Presa, Helix Cooperation Aid To Emergencies

Cooperation between the La Presa and Helix Water Districts has resulted in increased fire protection for the Spring Valley Estates area. This benefit is the result of an agreement for the installation of a cross-connection between the two water systems on Blossom lane. This will permit La Presa to draw water from Helix in the event of an emergency such as a major fire in the Estate area.

The cross-connection was recently approved by the Helix Board of Directors, and the La Presa Board has authorized the funds to install the necessary control devices. Authority to activate the interchange of water in the event of an emergency situation has been delegated to the Spring Valley Fire Department. Engineering plans and specifications are in the final stage of preparation, and will be ready for bid within the next two weeks. Cost of the project is estimated at approximately \$500. Spokesman for the La Presa District emphasized the fact that the co-operation extended by Helix is greatly appreciated, and that the agreement will afford much needed protection until La Presa can develop greater water storage than is presently available for emergency purposes.

OFF TO WONDERLAND: Students of Lemon Grove Junior High line up in front of charter bus to begin trip to Disneyland last Saturday. Checking off the roster of boys are eighth-grade mothers, Mrs. James Ogden and Mrs. Charles

Kennedy, along with school vice-principal, Thomas Brogan. Students at the local junior high filled seven charter buses for the trip.

Highlander Notes

San Diego County Foreign Exchange Students To Be Honored at Helix High Dinner Tonight

Fifty foreign exchange students from San Diego high schools will be the honored guests at the annual Helix High School International Club Potluck.

The informal dinner will be served in the Helix High School Cafeteria tonight at 6 p.m. Foreign dishes prepared by members of the Helix International Club, and the foreign students themselves, will be served.

A special program will follow the dinner. Dinner will be served only to those who have made reservations. The public is invited to attend the program.

A highlight of the evening will be a guest speaker from India. Albert Kerschbaum, Helix's foreign exchange student

from Austria, will also entertain with his guitar. Each of the foreign students will be introduced.

"We hope to provide the opportunity for people in the community to meet the foreign exchange students as well as have a good time," Mark Merino, Helix International Club President, said.

"The Helix High School Science Club, Phi Beta Chi, is coming alive under the leadership of president Robert 'Karr' Mr. Frank Watenbaugh. Helix science teacher and Science Club co-advisor said.

The purpose of the student organization is to increase the scientific awareness of its members. This is done through the use of lectures and field

trips. All disciplines of science promise to be represented in this way in the coming year. So far, the fields of oceanography, computer electronics, and veterinary medicine have been explored. The club has sponsored a field trip to Sea World and speakers from the Federal Bureau of Investigation and the San Diego Zoo Hospital. In the immediate future, the club plans to delve into the areas of criminology and police science with a tour of the San Diego Federal Bureau of Investigation Criminology Lab.

The organization is also a service club. This year it has donated a long-awaited Thermo-Fax copier to the Helix High Science Department for educational purposes. The new machine can make copies of

important articles appearing in scientific journals for use by science-oriented students.

"The carrier Ticonderoga will be the place of the next general meeting of the Helix Health Careers Club next Tuesday," Patricia Garrett, vice-president said.

This will be a joint meeting with other clubs in the San Diego area.

The Health Careers Club at Helix is a new club on campus with the purpose of acquainting students with professions in the field of health.

Other activities of the Helix club include a tour of the blood bank, a clothes drive for the orphanage in Tijuana, and the sending of Christmas cards to hospital patients next month.

Casa de Oro Baptists Keep Busy Schedule for November

November is a busy month for the Casa de Oro Baptist Church.

The Women's Missionary group met Nov. 14 for their annual "Christ for the World" meeting, with the theme "The Philippine Islands. Hostesses for the fellowship time were Mrs. Lillie Paul and Mrs. Laverne Stanley.

"The King's Couples (young marrieds), will have a potluck dinner tomorrow at the home of Mr. and Mrs. Charles Williams.

The adult Sunday School class will have a potluck dinner Saturday at the home of Mr. and Mrs. Philip Johnson, La Mesa.

The November Sunday School staff meeting is scheduled for Monday at the church. David Stanley is chairman.

The "Jet Cadets and Junior Highs, young people of the church, held a service Nov. 12 at Lockhaven Rest Home, Spring Valley.

Thanksgiving Dinner At Friends Church

MISS ROSANNE BABBY ENGAGED: Mr. Miguel High graduate Rosanne Babby, daughter of Mr. and Mrs. Harold Davis Babby, 3468 Niblick dr., La Mesa, has recently become engaged to Larry Lloyd, son of Mr. and Mrs. Paul Swindle, 6291 Severin dr., La Mesa. Rosanne is currently attending Grossmont College. Larry is a graduate of Grossmont High and has attended two years at Grossmont College. The local wedding will be held in the summer of 1968.

The ladies of the Spring Valley Friends Community Church, Bancroft and Kenwood drs., will sponsor a Thanksgiving dinner at the church, in Bronner Hall, tomorrow from 5:30 to 7:30 p.m.

Tickets will be \$1.50 donation for adults and 75 cents for children, under 12. The proceeds will be used toward the annual taxes of the church.

Don Williams, the youth leader of the church, is reported home again, after spending about three months in Japan. He showed slides of his trip at a youth meeting, Nov. 12.

Soul, Body Sermon

"Soul and Body" is the subject of Sunday's Lesson Sermon in all Christian Science churches.

"Incline your ear, and come unto me: hear, and your soul shall live; and I will make an everlasting covenant with you, even the sure mercies of David." This verse from Isaiah is included in the Responsive Reading.

CHRISTMAS DEPARTMENT: Members of the Foothills Methodist Church Women's Society look over the items which they had on sale last weekend in the Casa de Oro Plaza, Spring Valley. From left to right, they are Mrs. Joan Morgan, Mrs. Ruth Colove, chairman of the sale, Mrs. Eleanor

Hodgens, and Mrs. Sarah Wright, president of the society. With the coming of the Christmas season, many churches and fraternal organizations in the Lemon Grove-Spring Valley area are holding various fund-raising drives with holiday themes.

Skyline Methodists to Celebrate Founders Week, 12th Anniversary

Reverend Orval C. Butcher, pastor of the Skyline Wesleyan Methodist Church, 1345 Skyline dr., Lemon Grove announced the program for Founder's Week, November 19-26, commemorating the 12th Anniversary of the Skyline church.

In November, 1955, Pastor Butcher and 138 Charter Members founded a small church at the corner of Skyline dr. and Carlisle st. The current construction project, evident to all who pass this corner, is a tribute to the faith and foresight of this small group who will be honored at a special dinner next Tuesday.

Starting Founder's Week at Skyline will be the California/Arizona Wesleyan Methodist Conference President, Reverend Martin Cox of Whittier, Calif., who will deliver the message at all three services this Sunday.

Highlighting Founder's week will be daily messages, starting Wednesday through Nov. 26, by the nationally known Editor of the "Wesleyan Methodist" magazine, Dr. George Failing. This series of twice-daily messages by Dr. Failing, termed a "School of Prayer," will be held at 10 a.m. and 7:30 p.m. in the Skyline sanctuary.

The traditional Thanksgiving Service will be held at 8:30 a.m. to 11 a.m. on Thanksgiving Day.

Hale Funeral Held

Funeral services for Mrs. Virginia Hale, 88, a resident of Hilltop Chateau, Lemon Grove, were held Monday at Bonham Brothers Mortuary, followed by cremation. She died Nov. 9.

Mrs. Hale was a native of Nebraska. She had been a registered nurse for 50 years and retired in the early 1960's. She was an Army nurse in World War I. Later she worked at Presbyterian-St. Luke's Hospital in Chicago, where she was a member of the hospital's alumni association.

Mrs. Hale is survived by a grand niece, Mrs. Victoria Cole of Ramona.

Robert Fraser Service Held In Lemon Grove

Funeral services for Robert A. Fraser, 47, of 1311 Helix st., Spring Valley, were held Nov. 9 at Conrad Lemon Grove Mortuary. Interment was in Glenn Abbey Memorial Park. He died Nov. 5 in the crash of his gyroplane at Brown Field, after the craft had fallen 200 feet. Fraser held a commercial pilot license and flew the gyroplane as a hobby.

A native of Iowa, Robert Fraser had lived in San Diego County 14 years. He was a building contractor. He formerly owned an air service at Gillespie Field and had been a Marine master sergeant in World War II. He was a member of the San Diego Building Contractors Association, the Pacific Rotary Association and the Aircraft Owners and Pilots Association.

Fraser is survived by his widow, Florence; a daughter, Mrs. Judy Jacobson of Lemon Grove; three sons, Richard, Roger and Frank, all of Spring Valley; his mother, Mrs. Mildred Fraser of Iowa; five brothers, including Verl Fraser of La Mesa; four sisters; and two grandchildren.

The family requests that contributions be given to the Home of Guiding Hands at Lakeside.

CHEF'S DELIGHT: Mrs. Oran Collins, left, and Mrs. Eddie Parris, right, watch with hunger-ridden eyes as Chef Vincent Ponce de Leon slices a roast. The three Lemon Grove Congregational Church members are preparing for the church's Harvest Festival this Saturday at 2770 Glebe rd., Lemon Grove. Dinner will be served from 5 p.m. to 7 p.m.

Grove Congregational Church Site Of Traditional Harvest Festival

Harvest Festivals are in the spotlight at many churches at this time of the year. Joining the popular trend is the Women's Fellowship of the First Congregational Church, Unit of the church on its grounds at 2770 Glebe rd., just north of San Miguel ave.

The Congregational Church, which was organized nearly 75 years ago, had a long tradition of fine bazaar in its old location on Main st., in Lemon Grove. Since being moved to its new, and very contemporary buildings the ladies of the church have worked hard to keep up the tradition which had been established.

Live entertainment will include a barber shop quartet and many other vocal and instrumental numbers. To add to the atmosphere of the Harvest scene, men of the church dressed in chef's garb will carve the roasts in order to provide the extra element of freshness to the dinner. Young people of junior and senior high ages will assist with serving to provide quickness of service and graciousness of dining.

Families as well as single youth and adults are welcomed at this annual event of the Lemon Grove church, according to Mrs. Eddie Parris, who heads this year's effort. Each year, she has said, the group tries to improve upon its performance of the year before. Gourmet-type baked goods will also be offered for sale by the ladies who have indicated that they will only make up their most favorite tested recipes.

Handmade goods of various types will also be offered for sale in the Bazaar department of the Festival. It will take place in the Mayflower Hall

Locke Services Held

Funeral services for Fred B. Locke, 55, of 3595 Olive st., Lemon Grove, were held Nov. 8 at Conrad Lemon Grove Mortuary, and burial was in Byhalia, Miss. He died Nov. 4 at his home.

Area Women Educators to Initiate Two New Society Chapters Tuesday

Seventeen women educators, connected with the school programs in Lemon Grove and Spring Valley, will become members of two new chapters of Delta Kappa Gamma, during ceremonies next Tuesday in the Crest Room at Dobbs Restaurant in La Mesa.

Delta Kappa Gamma, the international society for women educators will form two new chapters under the sponsorship of the Gamma Chi Chapter. The new additions will be Eta Iota and Eta Theta Chapters.

In all, twenty-nine women will be initiated into the two chapters with Mrs. Robert Stinnett, Gamma Chi president, presiding. A dinner will follow the ceremonies, and following the dinner the new groups will elect officers.

California's Chi State president, Miss Beatrice O'Brien

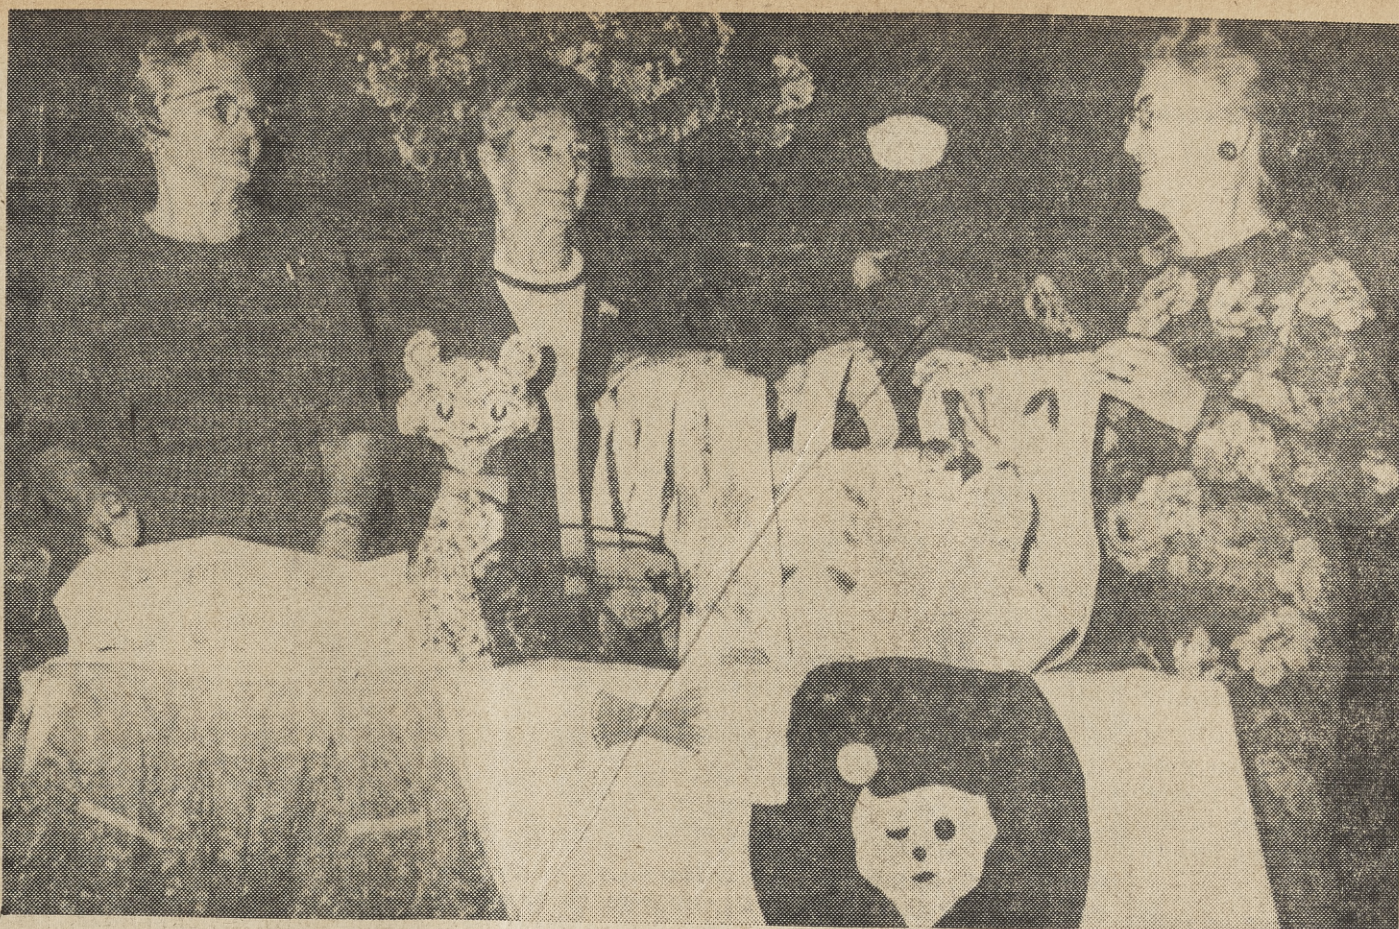

will be among the guest speakers. Others are Mrs. Margaret Olson and Mrs. Lillian Ramsey.

New Eta Iota members, sponsored by Gamma Chi Chapter member, Mrs. Ralph Steinhoff, include: Mrs. D. L. Chamberlin, Mt. Vernon School, Lemon Grove; Mrs. Ruth Coover, Grossmont Junior College; Mrs. Russell W. Davies, Casa de Oro School, Spring Valley; Mrs. W. K. Hanning, Golden ave. School, Lemon Grove; Mrs. F. Clark Lehigh, La Mesa-Spring Valley School District; Mrs. T. E. Miller, Monterey Heights School, Lemon Grove; Mrs. Roger Tremaine, Mt. Miguel High School; Mrs. William Tysk, Golden ave. School, Lemon Grove; and Miss Dorothy Hadgson, Avondale School, Spring Valley.

Members of the new Eta

Theta Chapter, sponsored by Mrs. Ann Matthews of Gamma Chi include: Mrs. Martha Ashworth, Grossmont Junior College; Miss Barbara Brockhouse, San Altos School, Lemon Grove; Mrs. R. Himmer, San Altos School, Lemon Grove; Mrs. Charles Luby, on leave from Grossmont High District to study at San Diego State; Mrs. M. T. Palermo, San Altos School, Lemon Grove; and Mrs. Carl W. Ritter, art coordinator for the La Mesa-Spring Valley school district.

Transferring from Gamma Chi Chapter to the new Eta Theta group are Mrs. James Julian of Lemon ave. School in La Mesa and Miss Joan Boeman, a worker in the La Mesa-Spring Valley enrichment program.

CHRISTMAS DELIGHTS: Members of the Lemon Grove Women's Club look over some of the items which will be on sale at the club's annual Christmas Bazaar tomorrow

and Friday at the clubhouse, 2810 Main st. From left to right, bazaar organizers are Mrs. Luther Moore, Mrs. Walter Shimp, and Mrs. Emmett Phares, chairman.

Mrs. Franc Heads Women's VFW Group

Mrs. Stanley G. Franc was installed recently as president of WWI Veterans and Auxiliary Foothills no. 1774. Other officers were Mmes. Celistino Radossa, senior vice president; Russell Denmark, junior vice president; George Johnson, treasurer; M. Kendall, chaplain; Charles Noakes, conductress; Fred Hearsh, assistant conductress; Clifford Hites, guard, and Robert Ball, trustee.

Also installed were Mmes. Walter Shimp, secretary; Le'a Cramer, patriotism; John Thomas, flag; Leonard Steuermann, banner; John Thomas, historian, and Milton Chazotte, musician.

Other officers are Mmes. Wynn Applegate, Raymond Yordy, Walter Hamby, and Roy Bailey, color bearers, and Miss Eva Strayer, Americanism.

Officers Installed By VFW 1774 Group

New officers of Barracks no. 1774, Veterans of Foreign Wars, Lemon Grove, were installed last week.

George M. Johnson, 9450 Vista dr., Spring Valley was elected Commander. He served in the 22nd, Recruit Company, GSI in 1918 and 1919 and in the 906th Signal Company in 1942 and 1943. Other officers for the year 1968 are: Senior Vice Commander, Clifford E. Hites; Junior Vice Commander, Fred Hearsh; Chaplain, M. C. Elledge; Quartermaster, Roy D. Stanton; Adjutant, Mary Leffler, and Sergeant-at-arms, Van Brollini, Sr.

Commander John on has also been a member of the Marine Corps since 1926.

Miss Cynthia Vogt Engagement Announcement Made For Cythia Vogt, S.D. Airman

Mr. and Mrs. H. R. Vogt, 8125 Roy st., Lemon Grove, announce the engagement of their daughter, Cynthia, to Terry E. Hardgrove, son of Mr. and Mrs. H. E. Hardgrove, 4182 Mt. Bigelow way, San Diego.

Miss Vogt is a graduate of Mt. Miguel High and attended San Diego State College. She recently passed the traditional candle and chocolates

to her sorority sisters at Gamma Phi Beta. She is presently attending the University of Arizona at Tucson.

Her fiancé is a graduate of Clairemont High and San Diego City College. He also attended State College, majoring in industrial design. He is now serving in the United States Air Force.

No wedding date has been set.

Services Held for Anne Benson; Pioneer of Hospital Auxiliary

Former Lemon Grove resident Anne Manuell Benson, a native of Illinois, passed away in a hospital Nov. 5. Services were held Nov. 8 in Greenwood Mortuary, burial in Greenwood Memorial Park.

She was a County resident for the past 20 years, with her home, until the last 1 1/2 years, at 7554 Central ave., Lemon Grove.

Mrs. Benson graduated from St. Luke's Hospital School of Nursing in Chicago, and was on the teacher's faculty after graduation; and was also a lifetime member in the Alumnae Association of St. Luke's Hospital.

In November, 1917 she was assigned to active service in World War I, and served overseas until the end of the war in 1919.

She was also both a charter and a Life Member of the Grossmont Hospital Women's Auxiliary, and worked willingly to get the organization started; she continued her interest in the group until her health failed several years ago.

Surviving are a brother, Harry R. Manuell, Grand Rapids, Mich., a sister, Harriet M. Steele, Suffield, Conn., and her sister, Miss M. Hazel Manuell, San Diego, with whom she made her home the last few years.

Funeral services will be held at 8 p.m. Tuesday at the La Mesa Masonic Temple, 4721 Date st., La Mesa.

Mrs. George Selby, Worthy Matron and George Selby, Worthy Patron, with their officers, will preside for the last time this year. Mrs. Jesse B. Crank is chairman of the After-Chapter party.

Christmas Craft Show Highlights Woman's Meeting

A demonstration of Christmas crafts by Mrs. Albert Peters, a member of the Spring Valley Woman's Club day section and former president of the Veri-crafters, highlighted yesterday's meeting of Junta de la Noche, evening section of the Woman's Club.

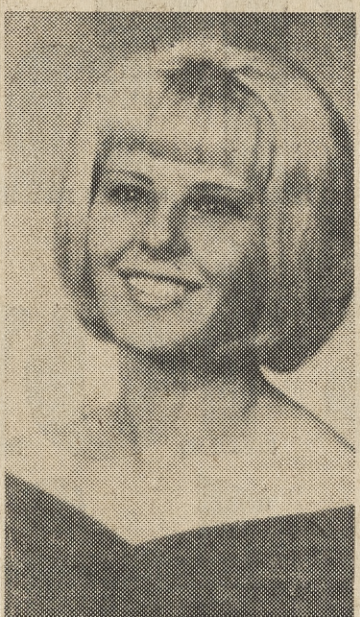

Mrs. D. F. Williams presided over the business portion of the meeting held at the Goodland Acres Club House.

Junta de la Noche will sponsor a Country Store booth at the Spring Valley Woman's Club bazaar on November 29. Members are urged to bring in items for this booth as soon as possible.

"The Little Foxes" Begins College Run

"The Little Foxes," Lillian Hellman's dramatization of the self-destruction of a carpetbagging Southern family, will take the stage at the University of San Diego College for Women Theatre next weekend.

Directed by Miss Kathleen Zaworski of the theatre arts faculty, the play will be performed at 8 p.m. on Friday and Saturday by a cast of ten.

KATHY ZIMMERMAN

ENGAGED: Mr. and Mrs. Horace Zimmerman of 2117 Jillica Court, Spring Valley, announce the engagement of their daughter, Kathy Mary, to Jackson Rasco, son of Mr. and Mrs. Bud J. Rasco, 2318 Calle Trepadora, San Diego. Miss Zimmerman is a graduate of Mt. Miguel. Mr. Rasco is a graduate of Morse. No date has been set for the wedding.

Society Page

Trinity Presbyterian Opens Annual Harvest Event Today

The annual "Harvest Festival" sponsored by the Women's Association of Trinity Presbyterian Church, is scheduled today at the church, from 11 a.m. to 8 p.m.

Since the Women's Association, has pledged approximately \$1,000 to Presbyterian to be used for national Missions, Ecumenical Missions and Christian Education, along with clothing packages for many needy persons, proceeds from the Festival will come in handy.

The women say, "Why cook at home" come and enjoy some delicious food at the Festival, at reasonable prices; spaghetti, tamale pie, rice and sausages, baked beans, ham and scalloped potatoes, salad and desserts, breads and drinks.

You can do your Christmas shopping early by purchasing some of the many items offered: handmade gift articles and decorations; homemade bake goods, candy, famous brand cosmetics at 25 percent of retail value; potted plants at bargain prices and a white elephant sale.

Child care will be provided

"Faith Builders" Potluck Saturday

The "Faith Builders," the middle-age Sunday School class of the First Baptist Church of Spring Valley, are set to have a potluck social this Saturday at 6:30 p.m. in the Dan Frank home, 10288 Ramona dr., Spring Valley.

"Not Ashamed of Christ," will be Rev. Robert Mills' message at the Sunday, 11 a.m. worship service. Special Thanksgiving music will be presented by the Junior and Chancel choirs. At the 7 p.m. service, Pastor Mills' message will speak on "Capital Punishment: Right or Wrong?"

Bobbie Mills' 3 1/2-year old son of Rev. and Mrs. Mills' is up and around again, after undergoing surgery, recently at El Cajon Valley Hospital.

for pre-schoolers. There will be a movie after 3 p.m. and the Senior High group will have a fun zone in the patio for all ages. The coffee room will be open from 11 a.m. to 4:30 p.m., where you may purchase coffee, tea, cookies, sandwiches and cold drinks.

Clippers will meet tomorrow for a progressive dinner: hors d'oeuvres at the Alvarez home at 6:30 p.m.; salad at the Stevens'; main dish at the Thomsen's; dessert at the Kleins'. Also there will be an election.

Windjammers will hold their African "Safari" Nov. 18 at the home of Charles Hibert, Spring Valley. There will be slides and a talk on Africa.

Concert Assn. Names Annual Ball Chairman

Mrs. Edward A. East, of Mt. Helix, has been named chairman of the Second Annual Beaux Arts Ball sponsored by the Women's Committee of the Grossmont Community Concert Association, by Mrs. Joseph del Nero, Jr., president of the Women's Committee.

The Ball will be held at the Hotel del Coronado in the Grandball Room on March 2 at 9 p.m. There will be a no host cocktail hour at 6:30 p.m., followed by the pre-ball dinner at 7:30 p.m.

Mrs. East will name her committee at a future date.

Pat Paulsen in S.D.

The Nancy Wilson Show, scheduled for the San Diego Civic Theatre on Saturday, November 18, features the new comedy sensation of the Smothers Brothers TV Show, Pat Paulsen.

Shrine Bazaar Sat.

Mt. Helix White Shrine No. 52 will sponsor a card party luncheon and bazaar this Saturday at 12 noon at the La Mesa Masonic Temple, 4731 Date st., La Mesa. The public is invited.

Spring Valley Woman Organizing Hostesses for Holiday Fashions

Mrs. William Happ of Spring Valley is in charge of collegiate hostesses for the first showing of Stan Newcomb's holiday and winter fashions to be held Saturday at the Atlantis Restaurant. A Social hour at 11:30 a.m. will precede a 12:30 p.m. luncheon.

Autumn harvest arrangements of Indian corn and gourds will decorate the tables. Guests will have the opportunity to purchase these decorations, suitable for their own Thanksgiving table, after the show.

The grand door prize, announced by general chairman Mrs. David Leeds, is a three day stay at the Hacienda in Las Vegas. Prizes for a special drawing include a round trip flight to San Francisco, use of an Avis rental car for a week, and a weekend for two at the Casa del Sol with meals at the nearby French Restaurant.

and, also stays for two at the Villa Marina, and Graniada Cove, all of Escondido.

Invitations have been mailed to friends of Delta Zetas in the San Diego area, Los Angeles and Tijuana. Mrs. Hubert Stanford is accepting reservations.

This fashion show is a benefit for the Centro de Rehabilitacion Auditiva de Tijuana, the only school for deaf children in that city.

The "Festival of Fashion" fashion show and luncheon is open to the public.

Great Works Tonight

SAN DIEGO — Orchestral works by three giants in the world of composing—Brahms, Bartok and Beethoven—will be featured tonight and tomorrow at the opening concerts of the San Diego Symphony Orchestra season.

It makes sense to know the seven warning signals of cancer. Almost a million and a half Americans are alive today, cured of cancer, because they were treated in time.

MISS TONY DAWSON

ENGAGED: Mr. and Mrs. Wallace Dawson, 1317 69th st., Lemon Grove, announce the engagement of their daughter, Toni Lynn, to Robert W. Booth III, son of Mr. and Mrs. Robert W. Booth, jr., 7013 Mt. Vernon st., Lemon Grove. Both the future bride and bridegroom are graduates of Mt. Miguel High. Miss Dawson is currently attending Grossmont College, while Robert Booth is now attending San Diego City College.

No wedding date has been set.

Eastern Star Farewell Night Next Tuesday

Farewell Night will be observed at La Mesa Chapter, Order of the Eastern Star next Tuesday at 8 p.m. It will be held at the La Mesa Masonic Temple, 4721 Date st., La Mesa.

Mrs. George Selby, Worthy Matron and George Selby, Worthy Patron, with their officers, will preside for the last time this year. Mrs. Jesse B. Crank is chairman of the After-Chapter party.

The Dimmer View

(Continued from Page 1)

Cheek to Cheek With Loren

An intriguing electronics probability was related recently by the public relations department of the Pacific Telephone Company — the firm who can jam a score of messages into a single strand wire, making the wire do the work it took a hundred wires a generation ago.

PacTel said it is entirely possible, when you make a long distance call, that your voice may be riding cheek to cheek with Sophia Loren or some other beauty being featured at the time on television.

Traveling along — and perhaps separating your cheek from the lovely one — may be a teletyped report of the day's tire production in Akron, bits of fragmented information that only a computer can understand, or event the vital rhythms of a human heartbeat.

The nationwide telephone system explained PacTel P.R. carries more than telephone calls. The variety of its traffic would astound Alexander Graham Bell; the variety of its possibilities intrigue the scientists who are molding tomorrow's electronic wonderland.

Anything that can be converted into electrical or radio waves can be delivered by the telephone company almost instantly to any place in the nation. And since the telephone industry serves virtually every household and business office it provides almost universal access to the American people.

Today, TV networks use the system to transmit programs from their studios to stations around the country; businesses flash information in the form of teletyped words or binary digits from one office to another; doctors send electrocardiograms from a patient's bedside to the office of a specialist a half-a-continent away.

This varied information travels either through telephone cable or by radio wave; it makes little difference which route is used. If you could somehow look inside a cable or across the breadth of a radio wave, the human voice, the computer data, the TV picture signal and the teletyped word would all appear the same to you.

An input device at one end of the connection converts the information into waves of electrical or radio energy, an output device at the other end converts the energy back into its original information form. Input devices are such things as telephones, which turn the human voice into transmittable form. The TV camera does the same with pictures; the teletypewriter with the written word.

When the information arrives at a telephone company central office, special equipment sorts it out and directs it to its destination. Here, output devices — such as a telephone receiver, or a Data-Phone computer connection — convert the energy into usable words, pictures or data. The delivery job is complete.

Technology already has translated the telephone network's transmission capabilities and universality into valuable communications tools. Banks and department stores, for example, use push-button phones to tap out requests for information from central computers. Telephone lines keep telemetry watches on isolated industrial installations. Copying machines transmit signals that produce duplicate "hard copy" in machines hundreds of miles away.

Some of the things that the telephone network makes possible are still being dreamed of, or written about in science fiction.

One science writer, for example, foresees the day when we will be able to convert human beings into electrical signals and dial them into the network for delivery and reconversion into human form anywhere in the country.

While this may eventually revolutionize the travel business, it serves right now to dramatize the role that today's telephone network will play in the brave new world that lies ahead.

MONTE VISTA ENGINEER — Almaz Fesseha, right, a Monte Vista exchange student from Ethiopia, who will become a bridge engineer in her native country, was one of more than 30 foreign students who attended Walker Scott's Hi Debber Varsity Council luncheon get-together Saturday at Cafe del Rey Moro in Balboa Park. With her is her guide for the day, Judy Friend, a Monte Vista senior. Her father is a textile manufacturer in Addis Ababa, Ethiopia. Students from 22 countries are presently in San Diego County high schools as exchange students of the American Field Service.

Marine Sgt. Howard Commended By Grove Republican Assembly

More than eighty guests assembled at the Lemon Grove VFW Hall, Tuesday, Nov. 7, to hear Marine Sgt. Jimmie Howard, the Congressional Medal of Honor winner speak. Sgt. Howard was the honored guest of the Lemon Grove Republican Assembly.

Among the guests present were: Admiral Albert Jarrell and Mrs. Jarrell of Romona, who is a state vice president of the California Republican Assembly of which Lemon Grove is a unit. Also present was Mr. Royal Morey and Mrs. Morey. Mr. Morey is president of the San Diego County Coordinating Republican Assembly. Present were Mr. John Loreng and Mrs. Loreng from Encinitas. Mr. Loreng is a 35th Congressional

Director for the California Republican Assembly.

Sgt. Howard's informative talk explained the Marine Corps Civil Action Program in Vietnam, a program designed to gain the respect and trust of the Vietnamese people who heretofore have been the victims of empty promises.

This program has been very successful, said Sgt. Howard, and is gaining momentum as the days go by. "Basically," Sgt. Howard said, "the program concerns the Marines working side by side with the Vietnamese in rebuilding their

communities."

The morale of the U. S. fighting men is the highest it has ever been in spite of the protests. Sgt. Howard stated this is due in part to the thirteen-month rotation plan and also in the U.S. forces belief in stemming the tide of Communism from engulfing the Far East.

Rob Larkin, president of the Lemon Grove Republican Assembly, presented Sgt. Howard with a plaque commending him for his bravery and his loyalty to his country.

Grove-Valley Scouting Leaders Tabbed for District Positions

R. Wayne Fillpot, a La Mesa resident and Vice-President of Southern California First National Bank was elected and installed last week as Chairman of the Grossmont District Committee of the San Diego County Council, Boy Scouts of America.

Henry Boney the installing officer paid tribute to Fillpot's dedicated leadership in Scouting as Chairman of the Troop Committee of Troop 319, La Mesa and as Vice Chairman of the District for the La Mesa Area. He succeeds Roy L. Stoyer of Santee.

Order of Merit Awards were presented to Joe Callahan, J. A. Lambert, and Dale Boss of La Mesa and Glenn Richardson of El Cajon, by Rod Franklin. Callahan, Lambert and Richardson are members of the Grossmont District Commissioner Staff. Boss is a member of the Committee of Troop 311 and formerly Promotion Chairman of the District Camp Committee. The Order of Merit is the highest honor that can be awarded by a District for Outstanding Service to boyhood.

Vice Chairmen elected were Burton D. Armstrong, Jr., Lakeside; Le Roy Deise, Spring Valley; Lloyd Jefferies, Lemon Grove. Members-at-Large are: B. James Polak, Wayne W. J. Kohagen, James Horalek, John Wilson, Efran Cota, James Orsborn, Richard Ely, of La Mesa, Charles Skidmore, Jacques W. Carter, Jr., Gilbert Newton, Bob Spencer, Ken Brown, Carroll Greene, El Cajon, George F. McLane, W. Ray Foster, Lemon Grove, Roy Williams, Arthur Gillespie, Mike Mrvich, Bill Faulwetter, Spring Valley, Ray L. Stoyer, Santee, Jack Hedge, W. N. Fellows, and Donald Kelly of San Diego.

George Jessup, Eagle Scout of Troop 1, La Mesa and Joachim Ntebele, Queens Scout from Lesotho, Africa, spoke on "What Scouting means to me". Twenty-seven Scouts from

Troop 311 La Mesa, sponsored by Hobos, Inc. led by their Scoutmaster Ray Bullock, presented a history of our American Flag. Participating was the unit's Drum and Bugle Corps.

Hospital Bond Gains Three More Backers

Three more organizations have endorsed the proposed Grossmont Hospital bonds. Ralph Kulk, Citizens committee chairman, announced. The bond election is Nov. 28.

The endorsing organizations are Kiwanis Club of Lake Murray, La Mesa Board of Realtors, and the La Mesa Exchange Club.

Kulk said he had received word from L. J. Wittkop, P. D. Iverson, and Forrest W. Sterling.

Cornet Store Manager Named

John A. McDonald, a former San Diego County variety store operator, has been made manager of the Lemon Grove Cornet Store, on Broadway.

He replaced Fred Locke, who died in his bed early this month.

McDonald, who was manager of Cornet's Vista store, operated stores in his own name in El Cajon, National City and Hillcrest several years ago.

He has been associated with Cornet for the past 3½ years.

WE WISH ALL OF OUR FRIENDS AN ENJOYABLE THANKSGIVING
TED & ESTELLE FETTERS
PAL'S CAFE
3521 Imperial Ave.
Lemon Grove

This ad is for the birds!
These simple tips from our Home Economics folks can help you fix a good bird for Thanksgiving! 1 Allow a frozen turkey to thaw 5-6 hours per pound in refrigerator, or about 2 hours per pound at room temperature. 2 Prepare stuffing just before roasting, and stuff turkey lightly. 3 Brush or rub entire skin with salad oil, shortening, butter or margarine. 4 Place turkey on rack in shallow pan with breast down (for moist breast meat) or up. Place meat thermometer deep in thigh, near hip, as shown above. Turkey is done when thermometer registers 185° F (see chart for approximate roasting times). 5 After roasting, let turkey 'rest' about 20 minutes before carving. We think you'll enjoy your turkey prepared this way. And we wish you happy "stuffing" on Thanksgiving Day! **SD&E** San Diego Gas & Electric Company

ESTIMATED COOKING TIME

RUMMAGE REGIMENT: Members of the Lemon Grove Women of the Moose take time out from their sales chores to re-group for this picture. The women were conducting a rummage sale last Saturday outside of Moose headquarters on Broadway ave. From left to right, kneeling,

they are Esther Buckley and Agnes Lizama. Standing, the women are Mary Vlach, Aileen Farrell, Ava Hayman, Mary Speith, and Janet Vieth. Also aiding in the sale, but not pictured, were co-workers Mrs. Bert Clark and Bonni Haddell, along with Roberta Taylor, in charge of publicity.

Girl Scout Chatter

by Mary D. Giacinto

The National Conference Region XII recently climaxed fifty-years of San Diego-Imperial Girl Scouts, 1917-1967. Our own Mary Hall (Mrs. V. M.) district chairman and Daisy Leamons (Mrs. J. B.) troop organizer hosted the many girl scout dignitaries who came to San Diego for the celebration.

Mrs. Holton R. Price Jr., of St. Louis, national president carefully guides the girl-scout movement in its requirements, progress and its overall image. She will not have it too modern or too square. Mrs. Price engaged the help of young people in conducting a survey of various girl-scout troops. The group felt that there is a definite need for girl-scouting and suggested that more depth be added to their program and that uniforms be changed. Mrs. Price thought so much of their conclusions she presented them to her national board—and implementation seems on the way. She would also like more young leaders under 30 years, and for older leaders to use young people as aides.

Miss Daphne Tabor, a vibrant guest from Texas and Piper for the girl scouts, is a 25-year veteran of Girl Scout-ing. One of her jobs is to keep membership up. Two years ago there was a noticeable drop of about 50,000 scouts throughout the world of scouting. Miss Tabor has already reversed the trend and Girl Scouts are increasing daily. In San Diego alone we have a membership of over 20,000 Girl Scouts. Miss Tabor is also responsible for a Corn Crib Library in the heart of the Appalachia operated by Senior Girl Scouts. It is a step she has taken to help

Nervous Tension - Exhaustion Not Natural

The Architect of the Universe didn't build a stairway leading nowhere—where it leads and how to get there can be found in the Bible. He didn't create Life, then desert it and leave it to provide for itself—all the rules for a healthy, happy life can also be found in the Good Book.

Nervous tension is rapidly becoming America's number one problem. We are simply living too fast and our bodies cannot stand the pace. As a result, people are killing themselves—many will die in agony, and most of them before their time, simply because they are violating Nature's laws.

Perhaps the greatest rule of preservation found in the Good Book divides your day into three equal parts—a portion for work, rest and pleasure. The greatest violation of this rule is improper rest. Rest is necessary for Nature to REPAIR. People innocently deprive themselves of adequate rest. They push their bodies to the breaking point—racing from excess to excess. They are burning the candle at both ends in unrestrained pursuit of wealth or pleasure.

Nervous tension, resulting from this hustle and bustle of modern living ranges all the way from simple jitters to a serious debility of the nervous system.

We find that nervous breakdown, invariably, is the result of some interference with proper functioning of the nervous system—usually traceable to the spine such as this typical case from our files.

A crying despondent 34 year-old divorcee and mother of four came to the College Grove Chiropractic Building three months ago on the verge of physical collapse. Her senses of responsibility to her little family spurred her to hold down two jobs which almost wrecked her health. In tears, she said, "Dr. Marcy, I'm so nervous I can't keep from crying. I have dizzy spells and faint a lot. My face and shoulders feel numb and tingling all the time. My periods are painful and leave me weak and sick to my stomach. How can I be a good mother feeling this way—and I have no one to turn to, you've got to help me."

After finding the cause of her ill health with our nerve analyses and X-rays, we were able to remove the offending spinal nerve disturbance and her health rapidly returned to normal. She continues to enjoy good health thru periodic check-ups which keeps her family happy.

We invite you to visit our office for consultation about your problem of health. Just phone 286-4144 or 186-4394 for an appointment. Investigate, what can you lose except your ill health.

Plane Testers Wanted in L.A.

The Federal Aviation Administration has interesting and challenging career opportunities for Aerospace Engineers.

FAA engineers are concerned with all aspects of aeronautical design and evaluation as it relates to the airworthiness and safety of the aircraft.

Aerospace Engineers in FAA assignments cover a broad range of engineering aspects of all photo-type and modified civil aircraft including those of both air carrier and general aviation.

These positions are headquartered in Los Angeles and involve working with the aircraft developed and manufactured throughout the nine western states.

Persons having an appropriate degree and experience in aeronautical design and evaluation should contact Mrs. Jeannie Collins, Personnel Staffing Specialist, Federal Aviation Administration, 5651 West Manchester ave., Los Angeles, 90045, or telephone 670,7030, extension 369.

Aerospace Engineering assignments include airframe, propulsion, flight test, systems and equipment.

Assessment Made For Street Work

San Diego (CNA) — The San Diego County Board of Supervisors has approved the spread of assessments on the street improvements job on Florene dr. and Casa Ln. in Lemon Grove. The job was done at a total cost of \$36,401.

Valley Kiwanis Backs Hospital Issue; Hears Education Speech at Luncheon

The Spring Valley Kiwanis Club, at its Nov. 8 meeting, voted to back the Grossmont Hospital bond issue of \$8 million, with the election to be held Nov. 28.

The club also voted to pledge to distribute 500 pamphlets on the narcotic question. The publication, to be distributed by the La Mesa-Spring Valley School District, is to go to all elementary and junior high schools in the district.

A letter was read from the Helix Branch of the American Red Cross, thanking the club for contributing to the Christmas "Ditty Bag Fund."

Past president Frank Berger reported that the nominating committee had decided on the slate of officers for the coming year. The slate will be read twice before being voted on.

Guest speaker at the Nov. 8

County Roads to Gain Federal Fund Amount

Sacramento — The amounts California counties will receive next fiscal year to improve their system of federal-aid secondary county roads were announced by State Highway Engineer John Legarra.

Legarra said the funds are contained in the state highway budget adopted last month by the California Highway Commission. The budget and all programs it finances are effective on July 1, 1968.

San Diego County will receive \$326,360 in federal funds and \$100,000 in State of California matching funds.

meeting, was Pat Hyndman, long time area resident and member of the County Board of Education. He spoke in behalf of American Education Week, Nov. 5-11. He pointed out that there is a great change in education and a great growth in knowledge.

Hyndman said our economy has changed, and he asked the question, "How much credit can we stand?"

Touching on the crime situation in this country, Hyndman said petty larceny is a day-by-day practice. He said disobedience of the law is a common practice, not only by our youth, but their parents as well.

Today's living is much different from a few years ago, Hyndman said. Nowadays, most people live in the urban areas, and if you go a few blocks from home, no one knows you.

Our schools are having their problems, he said. It takes 3,000 students attending school for one year, to have an average of a 700 daily attendance.

We're in an age of hypocrites, Hyndman said. We are setting bad examples for our youngsters by smoking and drinking at home and by our own use of tranquilizers. He said there will be eight billion doses of barbiturates used in the United States this year; and 80 million people will be using alcohol. He said that some television programs have a bad influence on the youngsters.

Hyndman said the cost of education is going up every day, and that we have to look forward to paying more out of our pockets, due to better equipment and better teachers' salaries.

There is a great need to merge some of the school districts, Hyndman said, as many of the districts have only a handful of students. He said this is the day of specialization; doctors, lawyers and mechanics specialize, as do some of our teachers. Teachers, he pointed out, spend their lives trying to improve their profession, and they, as well as everyone else, want to share better living conditions. He pointed out that there are many teachers today who belong to various organizations

DAVE COWAN

COLLEGE ACTOR: Dave Cowan of Lemon Grove will portray Benjamin Hubbard in the stage production of "The Little Foxes," being performed this weekend by the Four Colleges Players of Scripps College in Claremont, California.

Cowan, son of Mr. and Mrs. Robert S. Cowan, 1816 Ramona st., Lemon Grove, will join actors from other campuses of the Claremont Colleges in performing the Lillian Hellman play, depicting the greed and schemes of the Hubbard family.

Baker on Flood Board

SAN DIEGO (CNA) — Harry Baker of Spring Valley has been appointed by the board of supervisors as a commissioner of the San Diego County Flood Control District.

Baker is the former general of both the Otay and La Presa Water District. His district will include most of Sweetwater Valley.

Former Valleyite Dies in Encinitas

Word was received this week of the death of Gerhard L. (Jerry) Klipp, 46, of 3703 Manchester ave., Encinitas, who died Nov. 8 in a hospital.

Klipp was a real estate man and in 1946 had an office on University ave., in La Mesa, and was active in sales in the east county, including Spring Valley and Lemon Grove. Recently he had his office in his Encinitas home.

Van Rippers Add Boy to Family

Mr. and Mrs. Paul Van Riper of the Spring Valley-Lemon Grove area, who are now in Alaska where Paul is stationed at Elmendorf Air Force Base, became the parents of their first child in August.

Steven Paul Van Riper was born at the Air Force Hospital. He was 20 inches in length and weighed seven pounds, three ounces.

The new addition to the Van Riper clan has two sets of grandparents in the area. The maternal grandparents are Mr. and Mrs. Floyd E. Coulter, 1351 Darby st., Spring Valley. The paternal grandparents are Mr. and Mrs. Lloyd E. Van Riper, 1931 Englewood dr., Lemon Grove.

The boy also has an uncle in Spring Valley, Mr. William Coulter, 1351 Darby st.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

There are many uses for the Spanish words "tengo" (I have) and "tiene" (you have). For example we may say "Tengo un gato." (I have a cat, or "Tiene un perro." (You have a dog.)

From the word "tengo" we may learn that most verbs that end in the letter "o" have the subject "yo" (I) understood. This means that the complete expression for "tengo" can be written, "Yo tengo." (I have.). It can also be written, "tengo," and the subject "yo" is understood because the verb ends in "o."

Care should be exercised in using the word "tiene." This word can mean "he has" when the subject is "el" (he), and it can mean "she has" when the subject is "ella" (she). It can also mean "you have" when the subject is "usted" (you).

For example, we can say "El tiene la llave." (He has the key.) or "Ella tiene la llave." (She has the key.). We may also say "Usted tiene la llave." (You have the key.).

Interestingly enough "tiene" can be used as the first word in the question form. Consider the expression "Tiene usted una guitarra?" (Do you have a guitar?). Another expression in the question form could be "Tiene el muchos amigos?" (Does he have many

friends?). Notice that the English words "do" and "does" do not have equivalent words in Spanish. Thus "do" and "does" may be added to the English translation to make the meaning more clear.

Study the following phrases which contain the words "tengo" and "tengo." Practice saying them on your telephone when you dial 276-2762.

IMPORTANT PHRASES
Say "Tiene usted un gato?" (tee-EH-neh oo-STEHD oon GAH-toh) for "Do you have a cat?"
Say "Tengo dos gatos." (TEHN-goh dohs GAH-tohs) for "I have two cats."

USEFUL PHRASES
Say "Tiene el la llave?" (tee-EH-neh ehl lah YAH-veh) for "Does he have the key?"
Say "El no tiene la llave." (EHL noh tee-EH-neh lah YAH-veh) for "He does not have the key."

OTHER PHRASES
Say "Tiene usted muchos amigos?" (tee-EH-neh oo-STEHD MOO-chos ah-MEE-gohs) for "Do you have many friends?"
Say "Tengo muchos amigos." (TEHN-goh MOO-chos ah-MEE-gohs) for "I have many friends."

Tyer Dual Hero In Mt. Miguel Upset Victory Over Grossmont

Quarterback Mike Tyer and end Gary Cooper teamed up for two decisive pass plays to lead opportunistic Mt. Miguel to a shocking 6-2, upset win over previously unbeaten

Grossmont last Friday on the Matador gridiron.

Grossmont entered the game with an unblemished record of six consecutive wins, five of those in Grossmont league

play. But the Foothillers also entered the game without the services of their incomparable halfback, Dennis Sutton, the county's leading ground gainer.

Without the running of the nifty Sutton, the Matadors were able to contain the usually productive Grossmont offense. The Foothillers were limited to a total offense of 122 yards. Sutton, alone, accounted for over 600 yards in his last two games.

Mt. Miguel was not overpowering, itself, mustering just enough offense on the fourth-quarter passing of Tyer to offset a stubborn Grossmont defense.

The two elevens battled on even terms for three periods, before Mt. Miguel could get a productive drive going early in the final stanza.

Three long passes proved to be the death blow for the Foothillers, as Tyer connected with Cooper and Chris Johnson for 20-yard gains to keep the drive going. Then, with eight minutes remaining, Tyer tossed a 30-yard scoring aerial to Cooper for the game's lone six-pointer.

The Matador defense had to stave off a late surge by the Grossmont offense following the touchdown. The Foothillers took the kickoff and marched to the Mt. Miguel five-yard line, before offensive hero Tyer became defensive hero, recovering a Russ Proctor fumble at that

point. Grossmont was able to get on the scoreboard in the last few seconds of the game, as Tyer was caught in his own end-zone by a herd of Grossmont pursuers.

Except for the two fourth quarter drives, neither offense could produce much of a threat during the see-saw contest. Grossmont advanced to the Mt. Miguel 30-yard line in the first half, and the Matadors got as far as the Grossmont 18.

Tyer completed six of 10 tosses in the game for 97 yards, with the Matador running game picking up just 2 yards. Grossmont picked up 10 first downs to the Matadors' seven.

The crucial victory left the Matadors a game out of first place in the county circuit. Mt. Miguel's 4-2 league record matches that of El Capitan. Both teams trail leaders Grossmont and Helix who own 5-1 league marks.

Mt. Miguel gets a shot at knocking off one of the first place teams, as the Matadors host Helix tomorrow night at 8 p.m. But they leave their chance of a possible title tie in the hands of Monte Vista, which plays host to Grossmont the same night across the Valley.

Wins by both Monte Vista and Mt. Miguel would give the Matadors a piece of the Grossmont League title.

FEARSOME FOURSOME? Monte Vista swimming coach Fred Wadsworth checks the form of four of his top swimmers who will be competing today in the Grossmont District Girls Swimming and Diving Finals at the La Mesa Municipal Pool on University ave. Female Monarch standouts are, left

to right, Onnie Shelby, frosh, Linda Lukavsky, soph, Debbie Walters, soph, and Kim Hen, frosh. Monte Vista will be the host school for the finals, with Coach Wadsworth acting as meet director.

Grossmont College Cagers To Face Two Arizona Foes

Grossmont College's basketball team will face a pair of Arizona Colleges along with its 14 Pacific Southwest Conference clashes to highlight the hoop schedule for the coming season.

Coach Bill Gillespie's hoopsters tackle Mesa Arizona and Glendale Arizona on successive evenings, Dec. 15 and 16, at the bordering state's colleges.

Also included on the locals schedule are tournaments at Palomar and San Bernardino. The Griffins will play host to visiting cagers nine times, and will travel on 12 occasions.

Grossmont College's 1967-68 basketball schedule:

Golden Bowl Action

Corky Hopper Records Perfect Dutch Game; League Standings Continue to Tighten Up

Some unusual games and some high scores were observed at Golden Bowl lanes on Nov. 12, during the Greater San Diego All Star fracas.

Corky Hopper in a "Dutch" game, rolled the required 200 score. "Dutch" bowling is where a bowler rolls a spare, then a strike, then a spare, followed by a strike and so on.

A high series was turned in by Sparks Construction Co., with 3145 pins.

Dennis Fitzsimonds was high with a 767 series, having rolled for three games; 235, 256 and 278. Other high scorers were Paul Sharp, with a 268 and Jim Coleman, with a 253.

League Standings

Here are league standings as of Monday, Nov. 13.

Paws and Squaws: Centre Meat in first, with 23 wins, 13 losses; Rat Finks, second with 22 wins, 14 losses; a tie

for third between The Fear- some Four and C.S.C., with 19 wins, 17 losses.

Lads And Lassies: Termites in first, with 22 wins, 10 losses; Excuse Us, second, with 19 wins, 13 losses; Amy's Remnant Shop, third, with 15 wins, 16 losses.

Business Men's Doubles: Team No. 1 in first, with 13 wins, 12 losses; Ad-AI in second, with 17 wins, 13 losses;

cond, with 16½ wins, 11½ losses; and Rolling Stones, third, with 15 wins, 13 losses.

Golden Junior Trio: Fugitives, first, with 18 wins, 10 losses; Team No. 4, second, with 17 wins, 11 losses; The Holers and Kings and Queens, with 20 wins, 12 losses.

Happy-Go-Lucky: H and S in first, with 22 wins, 10 losses; Team No. 1, second, with 19 wins, 13 losses; and Team No. 5, third, with 18 wins, 14 losses.

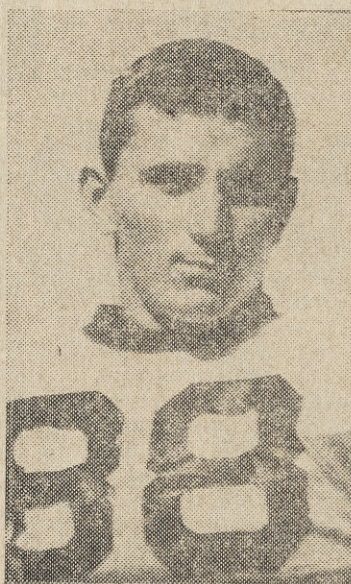

Mixed Sports: Claim Jumpers in first, with 25 wins, 7 losses; Hi Flyers in second, with 22½ wins, 9½ losses; and a tie for third, between Sauter's Egg Ranch and Trail blazers, with 20 wins, 12 losses.

Pyrrite: So. Bay Trade School in first, with 20 wins, 8 losses; Team No. 6, second, with 13 wins, 10 losses; and a tie for third, between Eelden Thompson and Son and Pam's Fashioners, with 17 wins, 11 losses.

Gold Coin: Meadowlarks in first, with 18 wins, 10 losses; Wooden Nickel's, second, with 17 wins, 11 losses; Gold Minds, third, with 16½ wins, 11½ losses.

NORTHFIELD, Vt.—Norwich University split-end Ben Martin, a 1934 graduate of Mt. Miguel High, has been named to the weekly E.A.C. Division III All-East team for his brilliant performance in the Cadets' 40-33 loss to Middlebury College last Saturday.

A halfback during his sophomore and junior years, Martin made the transition to an offensive end position with remarkable facility to become Norwich's chief pass grabber this fall.

Ben Martin

Lemon Grove's Hitt Finishes Third In Cajon Speedway Point Standings

Jim Hitt of Lemon Grove powered his Ford to 3764 points to finish fifth in the final standings of the El Cajon Stock Car Racing Association, as Cajon Speedway ended its season last week.

Official point standings show that La Cresta Acc,

Vance Butler, collected the most points ever earned at Cajon Speedway to claim the 1967 crown.

1966 champion Russ Bullen increased his 1966 output by 334 points. But it wasn't enough to catch either Butler or Tex Kimbrell, who finished second 346 behind.

Butler, a 27-year old father of four, builds his own cars with the help of Harold Tipton of Tipton Olds. The La Mesa car dealer has had a Tipton Olds on the track at Cajon Speedway ever since its opening in 1961.

Vance is a local boy going to El Cajon High and working as a heavy truck driver for a local company. Five weeks before the season was over he was run off the highway and it looked like the championship was gone, as he received a fractured vertebra.

Two weeks later he was back saying, "I just couldn't blow the championship this close to the end." This was an old story for the likeable Butler as he lost the title by five points one year and twenty two in 1966.

He even lost an axle on the third lap of the Grand Prix, but finished the race to claim

the title from the cockpit of his Olds powered 1956 Ford convertible.

Holder of the one and thirty 30 lap records the car has always been near the top of the standings and a beautiful machine to see and watch on the banked 3/8 mile oval.

Rep. Committee Attacks Police Force Critics

The Republican Central Committee of San Diego County in a recently released resolution has commended the outstanding performance of the various peace-keeping agencies in the County.

The resolution also attacked critics of the police forces in the area and around the nation and stated their support for local autonomy and authority in law enforcement.

Civilian police review boards and string-attached federal dollars also came under attack by the Republican group, who are opposed to any type of national police force.

Jim Hitt

Monarchs Lose Again, But Could Aid Miguel

El Capitan stymied Montegaina a possible tie for the Vista's puncheon offense and rolled up 39 points of its own to hand the Monarchs their fifth Grossmont League defeat without a victory last Friday on the loser's gridiron.

The setback left the offense-shy Monarchs with a 1-5 league record, la't in the circuit. Monte Vista has one more shot at gaining the elusive league win tomorrow night as the host league-leader Grossmont.

Monte Vista will be decisive underdogs in the contest against a potent Grossmont offense that features county rushing leader, Dennis Sutton, a 180-pound junior halfback who had over 600 yards to his credit in his last two league games, before sitting out the Foothillers', 6-2, loss to Mt. Miguel.

The Monarchs could help cross-town rival Mt. Miguel

Valley Rec. Organizing Hoop League

Youth Basketball Leagues, designed for boys in grades 4 through 9, are being formed this month. Presented by the Spring Valley Recreation-Park District, two leagues will be offered—"A" League for boys in 7th grade through 9th grades and "B" League for those in 4th through 6th grades.

Registration will be held the next three Saturdays from 10 a.m. to 12 noon at the Mt. Miguel High School gymnasium. Location of the school is 1830 Sweetwater rd., Spring Valley. A registration fee of \$1.50, including necessary player insurance, will be charged.

In addition to registration, basketball clinics will be held on each Saturday of registration. Providing fundamental in individual defense, offense, and training, the clinics are designed to prepare each boy for the regular season. When reporting, boys will need a sweatshirt or jacket, tennis shoes, shorts or Bermuda and registration fee. Please leave basketballs at home, an adequate supply will be furnished.

Further information regarding the program may be obtained by contacting Skip Penn, Central Supervisor, La Mesa Recreation-Park Dept., 469-4128.

LETTERS TO THE EDITOR

Dear Editor,

It is hoped that you will grant space in your column to present to other Tax Payers the dilemma that I, together with thousands of other retirees find ourselves as we look at the Tax Bill just received on our home. Each year we have been at this address, these Taxes have increased and yet, our home, a small 2 bedroom, 1 bath and about 900 square feet of floor space, is 15 years old or older, does not to me, justify being Taxed this amount. As my "pension" from the Navy is little more than the sum Mr. Johnson says includes the impoverishment, I present here the Taxes on this property for the years 1966 through the present:

Taxing Agency	1966	1967	1968
County	58.63	59.37	74.79
Elem. School	67.34	54.80	50.23
*School Wide Area		15.48	33.21
High School	46.27	48.87	61.53
Junior College	12.30	14.19	24.05
*Other Educ. Purpose	.09	.04	.41
Fire District	25.19	24.12	27.29
Hospital District	5.26	5.15	5.34
Metro. Water Dist.	4.42	4.15	4.75
County Water Dist.	2.70	2.67	2.97
Total on Net Value	222.20	228.22	286.74
Sanitation Dist.	6.90	9.44	12.22
Sewer Dist. Charge	18.00	18.00	24.00
Total Amount	247.10	256.26	322.96

From the above, which I cheerfully make public, it is clear proof that these Taxing Agencies are little about the Tax Payer. While we see proof they are not showing their business training and the many degrees that got them the job, there is no evidence in these figures to show elimination of waste, elimination of duplicate personnel. It is time, in my opinion, to check into the qualifications of the School Administrators (this is for sure!) and the County and City Managers. It takes courage to run your Department efficiently and still maintain your friends, but if friends are cutting one's throat and trampling on the Tax Payer, then this calls for a different courage which they seem to lack.

If others feel as I do, a permanent organization needs to be set up to watch these people — this too takes courage. Do you have it?

Joseph P. Moore
P.O. Box 402
Spring Valley, Calif.

Dear Editor:

I would like to rebut your "dimmer view" of the Grossmont Hospital Bond issue.

Why is Grossmont Hospital crowded when some of the other hospitals have a few vacancies? I think it is because it is a better hospital! This is because of well trained nursing personnel, efficient administration and District Board cooperation with your doctors!

Medicine is becoming more centralized. In 1955 we weren't landing TV cameras on the moon and our plans for Grossmont Hospital have had to be revised. Today the surgical recovery room, intensive care unit and cardiac care unit are all new additions to Grossmont Hospital. We can't stop progress! Cobalt therapy, open heart surgery and automated laboratory procedures must be provided.

This more technical care requires larger hospitals and well trained personnel. I should be noted that some of the smaller hospitals have given up obstetrics as the number of deliveries was too small to keep a well trained staff. At the present the ideal hospital size is estimated at 500 beds. I, too, would be interested in a hospital in Lemon Grove but must admit that a facility with the type of care Grossmont will provide is further in the future.

Defeating the Hospital Bond issue won't lower your taxes. The twenty cents (20c) per hundred assessment will be permitted regardless of the

outcome. The present plan are to tax an average of about 10c over the life of the bond. This tax has never been used for operation of the hospital! The tax is used for capital improvement and bond reduction.

At first glance the \$2/day rate differential for district residents seems good but the directors dropped it when they realized most of the benefits were for the insurance companies and the lo's was to the taxpayers. Since Medicare, the Federal Government prohibits discrimination such as this so it would no longer be permitted.

My colleagues on the medical staff were most upset about the charge that this addition would provide "office" space to work up patients. We feel this is improper and for years have tried to encourage insurance companies to allow our patients to have diagnostic exams and minor surgery at our offices rather than requiring hospitalization. The medical staff at Grossmont Hospital has organized a utilization committee to survey the cases of individual physicians to prevent unnecessary admissions and prolonged stays.

Mercy and Sharp Hospitals didn't get their facilities without benefit of the taxpayer! They too have received Federal and State funds as well as the backing of the Catholic and Lutheran Hospital Association.

Simon C. Brumbaugh, Jr., M.D.

1

VETERAN OFFICERS: Mrs. Stanley Franc, Commander George M. Johnson, Hazel Bohanon, and Commander William E. Rall, left to right, were installed as officers of the Lemon Grove Barracks, 1774, and the women's auxiliary at ceremonies in the World War I Veterans hall on Imperial ave.

SERVICE NOTES

WITH OUR ARMED FORCES

LT. WIGDAHL

SAN ANTONIO — Gary L. Wigdahl, son of Mr. and Mrs. Lloyd G. Wigdahl, of 1967 Skyline dr., Lemon Grove, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Tex.

Lieutenant Wigdahl, selected for OTS through competitive examination, is being assigned to Vance AFB, Okla., for pilot training.

The lieutenant, a graduate of Mt. Miguel High School, Spring Valley, received an A.B. degree in 1967 from San Diego State College.

CORPORAL HILL

VIETNAM — Marine Corporal Lawrence S. Hill, son of Mr. and Mrs. Harold D. Hill, of 2635 Grange st., Lemon Grove, was promoted to his present rank while serving as a member of the First Marine Aircraft Wing in the Republic of Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

The First Marine Aircraft Wing helps form the air element of the Marine Corps air-ground team and provides close air support for Marines on the ground conducting search and destroy missions against the enemy in South Vietnam.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges, and schools. Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

SEAMAN MILTON

SAN DIEGO — Seaman Recruit Milton N. Stenstaduold Jr., USN, son of Mr. and Mrs. Milton N. Stenstaduold, of 7025 Waite dr., Lemon Grove, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first shore station.

In making the transition from civilian life to Naval service, he received instruction and a veteran Navy petty officer. He studied seamanship, as well as survival techniques, primary drill and other sub-

AIRMAN LEONE — Airmen Joseph P. Leone, USN, son of Mr. and Mrs. Joseph J. Leone, of 1731 Colfax dr., Lemon Grove, participated in operation "Ballistic Charger," a concentrated effort at stemming the enemy's flow of men and munitions from North Vietnam.

As a crewmember aboard the amphibious transport dock ship USS Duluth, he helped land a battalion-sized force of Marines along the northern coast of South Vietnam.

Leathernecks of the First Battalion, Third Marine Regiment, were moved into the area by amphibious landing craft and helicopters as two Navy destroyers stood further off shore and provided supporting heavy gunfire. Navy and Coast Guard small craft patrolled closer inshore to prevent the enemy's escape by sea, and Marine Corps jet planes provided close air support for the ground forces ashore.

As the initial waves of Marines were reaching the beach gunships were utilizing Duluth's flight deck to warm and refuel. Six hours after the assault began Duluth delivered 33,000 gallons of fuel to the destroyer USS Hopewell, which was providing naval gunfire support in the operation.

ANOTHER MEDAL: Marine Captain James M. Matthews, son of Mr. and Mrs. James M. Matthews of 1482 La Costa Circle, Lemon Grove, was awarded his nineteenth Air Medal.

The presentation was made during ceremonies at the Marine Corps Base, Camp Pendleton, Calif.

Licensed To Wed

SAN DIEGO (CNA) — James Rankin, 24, Lemon Grove, and Donna Ingram, 22, Marina del Mar.

Craig Stamper, 21, La Mesa and Judith Midose, 19, Lemon Grove;

Ernest Hulsey, 21, Lemon Grove, and Ona Christopher, 20, San Diego;

Ronald Abood, 21, Spring Valley, and Theodora Larsen, 23, San Diego;

Danny Coyle, 21, Lemon Grove, and Luane Joslyn, 19, San Diego, and

Guilford Ogilvie, 43, Lemon Grove, and Ina Goodrich, 44, San Diego.

Cancer quackery robs you of the opportunity to receive proved, life-saving diagnosis

ENSIGN BOLSHAZY — SAN DIEGO, CALIF. — Navy Ensign Robert S. Bolshazy, son of Mrs. Helen J. Bolshazy of 7244 Waite dr., Lemon Grove, recently received his commission as a lieutenant in the Medical Service Corps.

His appointment as an officer in the Navy was based on his outstanding performance as an enlisted man.

Ensign Bolshazy enlisted in the Navy in June 1959. He attended Helix High School, La Mesa, Calif., and graduated in 1959.

He is the husband of the former Miss Karen R. Nelson, of 336 N. 149th st., Seattle, Wash.

He will begin his officer training at the Naval School of Hospital Administration section of the Medical Service Corps.

AIRMAN LOBBES

SAN ANTONIO — Airmen Robert R. Lobbes, son of Mr. and Mrs. Raymond Lobbes, of 3743 Orion dr., La Mesa, has completed basic training at Lackland AFB, Tex. He has been assigned to the Air Force Technical Training Center at Keesler AFB, Miss., for specialized schooling as a communications-electronics specialist.

Airman Lobbes, a graduate of Mount Miguel High School, Spring Valley, attended Grossmont College.

P.T.A. Briefs

"All I Want for Christmas..." is the theme of the Highlands PTA program tonight at 7:30 p.m.

Mrs. Carolyn Keany, a psychologist, will be the speaker and special exhibits will feature toys and books for Christmas giving, plus a display of make-it-yourself toys.

The Parent Teacher Group of Santa Sophia Academy of Spring Valley will hold its regular meeting tonight at 8 p.m. in the parish hall.

Guest speaker will be Mr. Robert C. Brady — Monte Vista High School Principal with his topic, "Today's Education and How a Parent Can Help."

Third grade room mothers will hostess the social, headed by Mrs. Frank Borba, Mrs. James Goodson, Mrs. Sinne Boermans and Mrs. George Bradwell.

The Kempton St. School PTA will hold its monthly unit meeting tonight at 8 p.m. in the multipurpose room of the school.

The theme will be "Focus on Our Education." The speaker of the evening will be Dr. Margery McIntosh, Director of Pupil Personnel Services for the La Mesa-Spring Valley District. Dr. McIntosh will speak on how our district helps pupils with special needs so they can develop into competent, capable citizens.

Since two E. H. classes have been added to Kempton St. School, this would be of particular interest to parents.

The sixth grade room mothers will host the evening.

It will be "back to school" for parents of Lemon Grove Jr. High students, tonight at 7:30 p.m. when the PTA sponsors the annual open house.

Mrs. S. C. Brumbaugh Jr., president of the Lemon Grove Junior High School PTA, will preside at a brief business meeting in the school auditorium on School Lane, after which parents will follow their student's daily class schedule.

Spring Valley Elementary PTA will hold its regular meeting tonight at 7:30 p.m. in the school cafeteria.

Mr. Walter Kendrick, from the narcotics division of the San Diego Sheriff's Department will speak on problems of law enforcement with youth and adults concerning narcotics.

It makes sense to know the seven warning signals of cancer. Check promptly into any signal that continues for two weeks.

Savings lives is the best justification for drying up cancer quackery. That is why California has a law to combat cancer quackery.

NROTC Exam Soon

The deadline date for making application for the Regular NROTC qualifying examination is fast approaching. Applications must be received by the Educational Testing Service on or before tomorrow. Applicants will participate in the nationwide competitive examination on December 9, 1967, the only date on which the examination will be given, as the first step toward a college education.

College Board Head Attends Civic Fete

Portia B. Goode, member of the board of Trustees of Grossmont College participated in a state wide Civic Seminar at Palm Desert, Calif., last week.

Bleeding or discharge for which there is no other explanation could be an early warning sign of cancer. Only your doctor can tell for sure.

RADIAL 990

lengthwise around the circumference of the tire like a belt or hoop. This gives more flexibility to the sidewalls and more rigidity to the tread area. The result is improved performance in most of the critical functions of a tire.

Meanwhile, Detroit automobile manufacturers are working to redesign their cars to take advantage of the new radial tires.

At 65 and 70 m.p.h. on thruways and turnpikes, the silky ride is the next best thing to flying."

Radial-Plies ... A Dramatic Advance in Tires—Paul W. Kearney, 129

"... superior wear and gas mileage... improvement in road-feel, handling and reduced rolling resistance (is) dramatic... at 65 and 70 m.p.h. on thruways and turnpikes, the silky ride is the next best thing to flying."

as low as **\$40.25**

Size 175-R14 whitewall tubeless plus 2.07 Fed. Excise Tax and old tire from your car.

•Up to 60% more tread life
•Up to 9% more gas mileage
•Handles easier...stops quicker...skids less
